

## **Weather Phone Information** (updated 11/12/2019)

Weather Phone provides recorded weather forecasts, observations, climate data and river information 24 hours a day. Access it by calling one of the following phone numbers:

(206) 526-6087 or 8530 or 8531  
(360) 357-6453

**Main menu options are in bold**, with sub-menu options following. For most options, you only need to press one number (except for Current Weather Conditions where 2 numbers need to be pressed). All menus have a \* option (repeat menu) and a 0 option (back to main menu). Only the main menu has a 9 option (speak to a forecaster).
